

Qualified IB Tutor | MSc Applied Mathematics

I'm Ines, an enthusiastic tutor with a deep passion for Chemistry and Mathematics. With a solid academic background and over a decade of teaching experience, I have honed my ability to simplify complex concepts for my students. My goal is to inspire confidence and a genuine love for learning in each of my students, guiding them to excel in their academic pursuits across various international curricula.

Teaches: Maths Chemistry Statistics Science Calculus

Curriculum: IB A-Level IGCSE GCSE

Qualifications

Degree Qualifications: BSc in Chemical Engineering/MSc in Applied Mathematics

Certified Online Tutor: IB, A-Level, and IGCSE Chemistry and Maths

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

My name is Ines, and I have spent the last 12 years dedicating myself to tutoring students in Chemistry, Science, and Mathematics. I hold a BSc in Chemical Engineering and an MSc in Applied Mathematics, which have equipped me with a strong foundation in both theoretical and practical aspects of these subjects. Throughout my career, I have worked with a diverse group of students, ranging from those who need help with basic concepts to those preparing for rigorous exams such as the IB, A-Level, and IGCSE.

My teaching philosophy is centered around creating an engaging and supportive learning environment where students feel confident to ask questions and explore new ideas. I believe that every student has the potential to excel, and it is my role to unlock that potential by tailoring my teaching methods to suit each student's individual learning style.

In my sessions, I focus on breaking down complex topics into manageable parts, using real-world examples to make the material relatable and easier to understand. I also emphasize the importance of developing critical thinking and problem-solving skills, which are essential not only for exams but for future academic and professional success.

I am passionate about helping my students achieve their full potential, and I am always excited to embark on this journey with them.
