## Tutoring Experience

I have been tutoring IB Chemistry for over five years, with a focus on helping students master both the Standard Level (SL) and Higher Level (HL) content. My journey as a tutor began during my undergraduate years when I started assisting my peers, which quickly evolved into a passion for teaching. I pride myself on being able to break down complex chemical concepts into manageable parts, using real-world examples to enhance understanding.

Over the years, I have worked with students from diverse backgrounds, each with unique learning styles and challenges. My approach is highly individualized, ensuring that every student gets the attention and support they need to excel. Whether it's preparing for exams, understanding tricky topics, or completing lab reports, I am committed to helping my students succeed and develop a genuine interest in chemistry.
