🎓 Qualified IB Tutor | Master's Degree in Education

With a strong passion for teaching, I specialize in helping students excel in IB and IGCSE Chemistry, Calculus, SAT, and ACT. My aim is to simplify complex concepts and boost students' confidence, ensuring they achieve their academic goals with ease. I believe in a tailored approach, focusing on each student's unique needs to maximize their potential.

Teaches: SAT ACT Chemistry Calculus

Curriculum: IB IGCSE GCSE

Qualifications

University of California, Berkeley: Bachelor's Degree in Chemistry (2016)

Stanford University: Master's Degree in Education (2018)

Certified Tutor (2019): SAT and ACT

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Since 2018, I've been helping students conquer their academic challenges in Chemistry and Calculus, particularly those following the IB and IGCSE curricula. My journey began as a peer tutor at Berkeley, where I discovered my passion for teaching. I focus on making difficult topics manageable, and my students appreciate my patient, step-by-step approach. Over the years, I've honed my skills in preparing students for standardized tests like the SAT and ACT, ensuring they enter their exams with confidence. Each student I work with receives personalized lesson plans that address their specific challenges and learning styles, leading to significant improvements in their understanding and grades.
